## DESCRIPTION

PowerGrab® Katana MF is a combination of Steel core with wrapped Kevlar® fiber and PowerGrab® technology, promising the outstanding cut resistance and excellent grip performance. Just like other PowerGrab® series, the thumb of PowerGrab Katana® is fully coated for protecting the vulnerable area. Towa's original MicroFinish® coating technology ensures that PowerGrab Katana® MF has the best grip possible in the safety industry.

## FEATURES

### Leaching

Proteins, chemical substances, and odor are leached from PowerGrab® series to minimize allergic reactions.

### Cut Resistance

PowerGrab Katana® MF together with Steel core Kevlar® offers the highest cut resistant protection available in EN388 standard.

### Safety

Extra coating of thumb area assures the most important aspect, safety.

### Grip Performance

Revolutionary MicroFinish® promises outstanding wet and dry handling.

### Comfort

A 10-gauge seamless liner and ergonomic design assure a maximum comfort and minimum hand fatigue.

## GLOVE SERIES

No.310 PowerGrab® Katana
